

# Keep Calm and Go...

## Unleash the Beast!

### The latest in pneumatic drifter technology

Customers state that the **BMC Beast** is reliable, trouble-free, reduces "drill-in time", and increases performance...all at competitive pricing. Don't spend millions in capital to upgrade your entire taphole drill assembly! Call today to improve the reliability of your blast furnace taphole drill, rods, bits, and couplings.

Visit us at Booth #1915 @ AISTech 2016
